

## IRRADIATION COMMENT FORM

*attention FDA: keep irradiation labeling!*

and Handling of Food" 50 '99 JUL 19 A9:19

TREATED WITH  
IRRADIATION

I believe the FDA should keep its requirements to prominently and conspicuously display the radura symbol and the words "treated w/ irradiation" on packaged and non-packaged foods treated by irradiation. These labeling requirements should not expire, ever! Alternative terms such as "cold pasteurization" are misleading and should never be used.
